Definitions

Breeder: The owner of the dam when she was serviced.

Class R: Registered alpaca.

Species: A = Alpaca (Lama pacos)

Breed: H = Huacaya S = Suri

Country of Origin: Country where dam was serviced. A cria of an imported dam serviced in transit or in quarantine is considered to have the exporting country as its origin.

Prior to July 1, 1992, the ARI did not ask registering owners to specify the breeder of the alpaca being registered. Thus, alpacas registered before that date normally have no breeder shown.

Transfer of Ownership
In order to expedite transfers, we request that the Seller send in the transfer paperwork once the animal(s) are sold. To record a transfer of ownership, complete this section and mail with the appropriate fee to ARI. Transfers made within 90 days of the transfer date are allowed a lower fee. Transfers for which the date of transfer is not recorded are considered as over 90 days. Crias of alpacas which have not been transferred cannot be registered without the signature of the prior owner(s). Current fees can be obtained from the ARI office or www.alpacaregistry.net.
